The Path to a Dream

*The path to a dream is paved
with sacrifices
and lined with determination.
And though it has many stumbling blocks
along the way,
and may go in more than one direction,
it is marked with faith.
It is traveled by belief and courage,
persistence and hard work.
It is conquered with a willingness
to face challenges and take chances,
to fall and try again and again.
Along the way, you may have to confront
doubts, setbacks, and unfairness.
But when the path comes to an end,
you will find that there is no greater joy
than making your dream come true.*
