What makes people succeed
is the fact that they have confidence in themselves
and a very strong sense of purpose
They never have excuses for not doing something
and always try their hardest for perfection
They never consider the idea of failing
and they work extremely hard towards their goals
They know who they are
and they understand their weaknesses
as well as their strong points
They can accept and benefit from criticism
and they know when to defend what they are doing
They are creative people
who are not afraid to be a little different
You are one of these rare people
and it is so exciting to watch you
on your path to success
as you follow your dreams
and make them a reality

Susan Polu Schutz

We love you very much,

O OUR SQUIGGY:

Our life with you has been filled with entertainment and challenges, and we will always thank the Lord for blessing us with such a unique daughter. You have filled our days with laughter and at times exasperation, but not a day goes by that we don't look at you with admiration for the sensitive, ethical, and intelligent young lady you have become. We know with your motivation and determination you will go far in life, yet you'll always maintain that kind and caring nature for others (especially your sister Jaclyn -- and stop mimicking her!) We are so proud of your accomplishments through the years and know the long list of your achievements are just beginning, and we watch you with both excitement and tears (especially Mom) as we watch our youngest daughter move on to the new life experiences that await you in high school, college, and your career. Your family will always be here for you, and always remember Know what???" "Yeah. I know."

A kiss for the top of your head,

Robert G. Massi

As we look at him now, there was never a question that God blessed us with a special child. From his special smile, to that sense of humor, to his relaxed style and fierce sense of competition, he is easy to love and believe in, and we know that life will be good to him, because he is so very special.

What we wish for you is health, good times, and emotional growth that will assist you in dealing with issues in everyday life. May you fly like a bird and feel the freedom of self content, and when you make that final putt at The Masters, you will say it was all worthwhile.

Peter
